

April 5, 2022

Dear Vikas Nibhanupudi,

On behalf of the Editor-in-Chief of the *STEM Fellowship Journal*, Dr. Sacha Noukhovitch, we would like to congratulate you on being selected as the overall winner of the 2021 national high school STEM Fellowship scholarly writing challenge award and also best in the Mathematics category. The award is presented to you jointly by the *STEM Fellowship* and Canadian Science Publishing.

I have included a certificate that you can display proudly. As well, as part of your award, you will receive a \$500 cheque and online access to the journal of your choice. You have chosen **FACETS** which is an open access journal so access is freely accessible online.

Congratulations again and all the best in your future endeavours.

Sincerely,

Elaine Stott, Chief Executive Officer  
Canadian Science Publishing
